In the dark  
When I lay down at night, I feel the fight  
In my heart  
And I was born to win before me leave this earth  
I'm gonna make my mark  
A soldier might die but we never going kneel, yo  
Forever play my part  
Forever brave at heart

The better the victory harder the battle get  
In the dark, them think me lost  
Snake in the grass, dem can't glimpse mi Clarks  
Me walk with the Lord
