You girl, nah lie.. I believe in you
So I'm waiting, patiently waiting

Know di family, mi know weh she work
More time she call wi phone after week
Start mi car [*vroops*] gone fi har
Type a girl weh know weh shi worth

Gyal you body hot like fire, mi say hell own
Why you a keep mi inna you friend zone?
Say we cyah fuck because mi well known
Past relationships never work

And now me believe me seh - good things come to those who wait
You open your leg deh, you open up Heaven gate
From mi get da pussy ya mi feel brand new
Mi used to wait till mi balls them blues
Now me cum, dis ya dream come through
