

No Case

Masked Intruder

You're telling everybody I'm the one
But you ain't got shit, don't front
I sit and listen to the words you say
We both know you ain't got my DNA

You got no - you got no - you got no case on me, bro
You got no - you got no - you got no case on me, bro
Oh no
So just give it up!

I know you think you got me pegged for this
But let's be honest, dude you ain't got shit
I'm gonna let you finish, but you got no sense
Not to mention no forensic evidence

You got no - you got no - you got no case on me, bro
You got no - you got no - you got no case on me, bro
Oh no
So just give it up!

So shut your mouth or prove it, I didn't do it
Better prove it or you better shut your mouth
You better shut your mouth
You better shut your mother fucking mouth

You got no - you got no - you got no case on me, bro
You got no - you got no - you got no case on me, bro
Oh no
So just give it up!
