

Saturday Night Alone

Masked Intruder

You only get so many Saturday nights in a summer
You only get so many Saturday nights in a year
You only get so many Saturday nights in a lifetime baby, I know
So why you wanna go and spend another Saturday night alone?

I spent so many Saturday nights in the slammer
All those lonely nights just dreaming of you
There are only so many Saturday nights till I'm back there baby
, I know
So I don't wanna spend another Saturday night alone

All alone

You only get so many Saturday nights in a summer
It only takes one of those Saturday nights to fall in love
You only get so many Saturday nights in a lifetime baby, I know
So I don't wanna spend another Saturday night alone

(All alone)

Another Saturday night all alone

All alone

You only get so many Saturday nights in a lifetime baby, I know
So why you wanna spend another Saturday night alone?
