

You're the One to Blame

Masked Intruder

I never thought I'd be so hooked on a girl but you lured me in
(lured me in)
I never thought I'd stop so dead in my tracks but you stunned me
(stunned me)
I never thought I'd be so loony, lady
The way you do the things you do just drives me crazy
I never thought I'd be so out of control
But you carry me away, baby, oh oh oh oh

You're the one to blame for the way I love you so bad
You're the one to blame for the way that I've been stalking out
Around your house, you call the cops
Baby, please believe me I wish I could stop
But I can't, girl
And you're the one to blame

I never thought I'd be so far gone but you blew me away (blew me away)
I never thought I'd be so over my head but you drowned me (you drowned me)
I never thought I'd be so loony, baby
The way you do the things you do just drives me crazy
I never thought I'd be so lost in your eyes
But girl you got me hypnotized, oh oh oh oh

You're the one to blame for the way I love you so bad
You're the one to blame for the way that I've been stalking out
Around your house, you call the cops
Baby, please believe me I wish I could stop
But I can't, girl
And you're the one to blame
Yeah, you

Stalking out around your house, you call the cops
Baby, please believe me I wish I could stop
But I can't, girl
And you're the one to blame

You're the one to blame for the way I love you so bad
You're the one to blame for the way I love you so bad
You're the one to blame for the way I love you
You're the one to blame
Yeah, you're the one to blame
