

# Dark Matter

Masked Wolf

I'm needing something now  
[?] yeah  
I've fallen, lost the count  
Too many times I drowned, you

Look in the mirror, I'm counting on you  
I'm up in jail and I got no proof  
I need a roof, I see a noose  
Can't call up my friends, muster the troops  
Look in the mirror, the reason is you  
Reflections are broken, the image is doomed  
[?] the bullshit, get me the broom  
Nothing is concrete except for my tomb

I'm fading faster  
Need space, I'm dark matter  
My body's breaking  
Shaking, dark matter

Dark matter

I won't fly out of here  
Gravity disappears  
Dry tears, open eyes  
Dark matter, dark skyline

Shatter  
Matter, dark matter  
Shatter  
Matter, dark matter

I'm fading faster  
Need space, I'm dark matter  
My body's breaking  
Shaking, dark matter

Dark matter  
Dark matter  
Shatter, dark matter  
Dark matter
