

Gameday Feeling

Masked Wolf

Live it up got one life
Money no problem what I like
Paid my dues earned my stripes
Do what I want one hell of a night

Live it up got one life
Money no problem what I like
Paid my dues earned my stripes
Do what I want one hell of a night

I was game-day-speeding feeling like
It was the start of season it feels right
And I know ain't dreaming this my life
We do what we want one hell of a night

I don't wanna wait might hop into an Uber just to show that I can be the same
Money don't change this man but I know that money on my brain
See I don't like to show a lot but let me entertain
If they homies at the place I'm 'a go ahead fill their dinner plates
Might accrue a lot I don't move a lot
I call that levitate
Didn't change my spot I held the rock
And yeah I still remain
Now we out we celebrating
Everybody congratulating
Let me know what we chasing next

Live it up got one life
Money no problem what I like
Paid my dues earned my stripes
Do what I want one hell of a night

Live it up got one life
Money no problem what I like
Paid my dues earned my stripes
Do what I want one hell of a night

I was game-day-speeding feeling like
It was the start of season it feels right
And I know ain't dreaming this my life
We do what we want one hell of a night

Wanna be a star like Ringo
Play your numbers right like bingo
From the window to the wall
You gotta train before you ball yeah uh huh
You should know I play for the trophy
If you ain't winning don't approach me
Flow so cool just like Moby uh ay

We want a little bit of freedom
A life with a little bit of meaning
Memories in the bank that we keeping
The night is lit the night is young
We don't want problems we want fun
Don't need drama don't want none

This our life only got one

Live it up got one life
Money no problem what I like
Paid my dues earned my stripes
Do what I want one hell of a night
