# Interstellar

**Masked Wolf**

How do I, how do I know?
How do I know you won't lie again?
Talking all to my friends like shit, when will this end? Like
How do I know you won't lie again?
I can see it by the way you talk, interstellar the way I walk, yeah

Had to bring it in like Jimmy's
Yeah, the fat lady singing, uh over and out
The room kept spinning
But I had to keep winning while you kept on sinning
I can see you creeping by the window
Nothing with you was ever simple
Stop talking to my friends like let go
Always following like you on patrol
Like I'm trapped in a snow globe and you like it
I can't even see you without fighting
The hand keeps feeding and I'm biting
As I get older, I get wiser
I've been trying learn from what I get burnt from
I've been trying hurdle whatever might come
Just like turtles I'm stuck in a shell
But I'm still tryna be myself, oh well

How do I know you won't lie again?
Talking all to my friends like shit, when will this end? Like
How do I know you won't lie again?
I can see it by the way you talk, interstellar the way I walk, yeah

How do I know you won't lie again?
Talking all to my friends like shit, when will this end? Like
How do I know you won't lie again?
I can see it by the way you talk, interstellar the way I walk, yeah

Your head way up with the planets
I think you need to focus on the landing
Bring yourself way back to the Earth
Take your heard right out of that purse, uh-huh
Money your motive, I know you went all in
A little bit of too much is too much of it
And I ain't trying to tell you how to live, uh
I just want you out of my biz, uh
Friends call me, give warnings
Saying you be back at the apartment
And I don't need that
So why you be that?
You always come back
Should call you relapse
Don't waste time on Pennys
Don't take time if any
I don't wanna see you again. no
No, we cannot be friends, no

How do I know you won't lie again?
Talking all to my friends like shit, when will this end? Like
How do I know you won't lie again?
I can see it by the way you talk, interstellar the way I walk, yeah

How do I know you won't lie again?
Talking all to my friends like shit, when will this end? Like
How do I know you won't lie again?
I can see it by the way you talk, interstellar the way I walk, yeah

Whoa, oh, ay

None of this was ever planted
Out of orbit wit' it, distant on another planet
Two sides to the story, you only want one
I take anything in life, I'm all about crumbs
Put up two thumbs now create a W
Trust me, there's only one of me but there's a double you
Snow globe syndrome, what does that mean? Wait
Just means things change when you give it a little shake
Only know me 'cause of my name not my interior
I don't got time for makeup, fuck the exterior
Don't worry about earrings, worry about listening more
You either want the clout or you want the encore
You just want the Snow White but not the seven dwarfs
Your story done change every time you wanna call
That's just how it goes roll, that's just how that road go
I've been trying go around something like merry-go-go, whoa

Oh, wait
All these emotions, anxiety got me on go shake
I know it's my time but I'm feeling like it can be too late
How can I do this? I need some help
How can I do this? I need some help

But you just keep on lying, lying, lies
Lying, lying, lies
You just keep on lying, lying, whoa
You just keep on lying, lying, ay

Yeah, interstellar
