

How I Feel About You

Mason Jennings

Little blue with your eyes so wide
All your dreams not the same as mine
Let's go out where the wind hits the trees
Walk for hours, do what we please

Come on now, surely you know
How I feel about you
How I feel about you
That my heart keeps pounding
All the time
That your voice, it found
The words I could not find
Hard to imagine you don't know
Hard to imagine you don't know

Little blue in your chalk colored dress
In my arms, with your head on my chest
Unlike anything I've ever known
A new dimension, all of our own

Come on now, surely you know
Come on now, surely you know
How I feel about you
How I feel about you
That my heart keeps pounding
All the time
That your voice, it found
The words I could not find
Hard to imagine you don't know
Hard to imagine you don't know
Hard to imagine letting go
Hard to imagine letting go
