

The Likes Of Me

Mason Jennings

Well, you ain't never, never seen the likes of me
Never seen the likes of me
Well I come from steel city
Pittsburgh, Pennsylvania with a six string on my knee

I will keep your daughter dancing
Keep your woman fancy
Make everybody feel so good
I will keep the police off the streets
Everything will be the way it should

Well, you ain't never seen the likes of me
Never seen the likes of me
Well, you ain't never seen the likes of me
Never seen the likes of me

Well, down in New Orleans, it's Louisiana
People live the way that they should
Places open all night, faces loaded
Lit up more than Hollywood

Well I'll meet you there, maybe not today
But my Lord, as soon as I am able
I will meet you and all our friends
Will be dining at the same dinner table

Said, you ain't never seen the likes of me
Never seen the likes of me
Well, you ain't never seen the likes of me
Never seen the likes of me

One more time
You ain't never seen the likes of me
Never seen the likes of me
Well, you ain't never seen the likes of me
Never seen the likes of me
