

Waves

Mason Jennings

I'm on a beach my friend
Waves coming above me, my friend
I'm on a beach my friend
There's waves coming above me, my friend

You're on a beach my friend
There's waves coming above you, my friend
You're on a beach my friend
There's waves coming up over you, my friend

We're on a beach my friends
There's waves coming up over us, my friends
We're on a beach my friends
There's waves coming up over us, my friends
