

Promise

Massacre

Tell me why you've become so damned unconsenting
The way you make me feel is so condescending

So help me!
Cross my heart and hope to die
You swore on your God
You never told a lie

So commit yourself to me
Under hand and seal
Undertake this sacred oath
Immolate this deal
On your word of honour
Consummate this pact
Bind yourself with me
Finalise this act

Promise me...promises...promising...
Promise me the world
Promise me...promises...promising...
Promise me the world

Make vows you won't keep
I can't trust in your word
If you think you can fool me
Then you must be absurd
You say you've been faithful
On this you swear
There's nothing to see
Cause nothing's there

Do you really expect me to give credence in this deception
When I know your truth is nothing but perversion

You think you can lie to me
And get away with it all
You think that I'm a jerk
Can't believe your gall
I should have always known
It would never last
I'll never forget
Lies form the past

Promise me...promises...promising...
Promise me the world
Promise me...promises...promising...
Promise me the world
