

## The Evil Within

### Massacre

On the loose, lunatic  
Contorted mind, victims in search to find  
Embrace this wicked, malevolent  
Eternal agony, nightmare of wretchedness  
Unsedated, scavenger of torment  
Time to feed, the voices are controlling me

Hell no to mercy, no end to this pain  
When blood isn't enough to satisfy the taste  
Denying all that is sacred, compelled to betrayal  
Septic thoughts give into temptation, it is the killing hour

On the loose, lunatic  
Contorted mind, victims in search to find  
Embrace this wicked, malevolent  
Eternal agony, nightmare of wretchedness  
Unsedated, scavenger of torment  
Time to feed, the voices are controlling me

Deep in the eyes of madness  
Vision forever stained  
There's no use in running  
But I'm down for the chase  
Screams fill the hatred, giving life to the fiend  
Taking in your terror before soul devouring

It's time to die (suffer)  
You're caught in the fucking web of death (suffer)  
A purgatory of misery infernal abyss (suffer)  
No one can hear the cries of pain (suffer)  
As daylight draws near, feel life fade (suffer)  
This shattered tomb shall be your grave

On the loose, lunatic  
contorted mind, victims in search of fiend  
Embrace this wicked, malevolent  
Eternal agony, nightmare of wretchedness  
Unsedated, scavenger of torment  
Time to feed, the voices are controlling me
