

## Where Dwells Sadness

Massacre

Why make a promise you won't keep  
You know I don't believe in your lies

You lied (all lies)  
You bend the truth  
I'm blind (so blind)  
I'm such a fool

Why even say that you'll be with me forever  
You know forever is never forever

I'm depressed (depressed)  
With a heavy heart  
No hope (so hopeless)  
I'm at a loss

Suffer me (suffering)  
Unto this agony  
Drown in me (drowning)  
In depths of misery

Broken down (so broken)  
In grim visage  
Watch me laugh (I'm laughing)  
On the wrong side of the mouth

Suffer me (suffering)  
Unto this agony  
Drowning (drowning)  
In depths of misery

I feel the sorrow so deep inside  
This anguish I suffer from all your lies  
I seek release from all this madness  
Shrouded in despair - consumed by sadness

Suffer me (suffering)  
Unto this agony  
Drowning (drowning)  
In depths of misery

I believed her, she lied  
Where dwells sadness, inside of me  
Where stems the madness, in me!  
She lied
