

# Hero

Massari

I can see the truth and now my mind is made up  
I don't want a world where you and I could break up  
You're all I know and I ain't letting go  
I feel the pain kill every part of me if you say you're not in love

Now I break on my knees, I pop champagne and grab my grab on your waist.  
I know, that was gonna go, then you're lost,  
dropped my heart like a lightning ball  
reality  
yeah girl you're my melody  
I wanna hold you and be with you for eternity  
don't we make enormous things  
nobody gonna take your pain

You're my hero  
Mine forever, baby now  
Reality  
yeah, girl you're my melody  
I wanna hold you and be with you for eternity  
Girl you know that you're my hero

When I'm next to you I feel not far my angel  
All the way we are now, even total strangers  
You're all I want  
you're incredible  
It's like a dream, I can't get enough when you and I are making love

Now I break on my knees, I pop champagne and grab my grab on your waist  
I know, that was gonna go, then you're lost,  
dropped my heart like a lightning ball  
reality  
yeah girl you're my melody  
I wanna hold you and be with you you for eternity  
don't we make enormous things  
nobody gonna take your pain

You're my hero  
Mine forever, baby now  
Reality  
yeah girl you're my melody  
I wanna hold you and keep you for eternity  
Girl you know that you're my hero

They don't know  
When I'm out here without you, I'm frozen cold  
They don't know  
That for you I wanna die in the storm  
They ain't get to my heart, the light that brings me home  
Like I mean  
You show me the meaning of love

You're my hero  
Mine forever, baby now  
Reality  
yeah, girl you're my melody  
I wanna hold you and be with you for eternity  
Girl you know that you're my hero

You're my hero  
Mine forever, baby now  
Reality  
yeah, girl you're my melody  
I wanna hold you and be with you for eternity  
Girl you know that you're my hero
