

Love Triangle

Massari

Said she wanna take me
Said she wanna take me

Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle

She wanna roll
She wanna play
She want it all she said it
She wanna go hard, go all the way
Back in my car
She's all up in my ear
Saying oh I got a friend
Who want a ride
She can do anything that you like
So you decide what's on your mind

Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle

Caught in a love triangle
A love triangle
Caught in a love triangle
A love triangle

Shorty's a pro
She knows the game
She wants to start
All up in a movie
She wanna be directing me
Just for a night
She moves outta camera
Shorty here we go
We on the set
It's going down
She's in them stilettos
She lacing me
I'm serving her
And watching her friend

Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
Said she wanna take me on some

Bizarre love triangle
And she wanna know is that something
That I can't handle

Caught in a love triangle
A love triangle
Caught in a love triangle
A love triangle

She got my Alabaman going up
And now she got the track blowing up
She got my Alabaman going up
And now she got the track blowing up

Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle

Caught in a love triangle
A love triangle
Caught in a love triangle
A love triangle

Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
Caught in a love triangle
Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
Said she wanna take me on some
Bizarre love triangle
And she wanna know is that something
That I can't handle
