

## So Long

Massari

You're talking to your mirror more than you talk to your mother  
You're playing with your phone like we don't know each other  
A stranger walking by wouldn't know that we was lovers  
I gotta say this now 'cause I know that we in trouble

You used to spend the days lying in the sunlight  
Now you wanna be the girl in the nightlife  
What ever happened to the kids and the good times?  
We running out of time

So long, so long  
I got to be moving on  
I'll miss you but I cannot  
Wait for you to catch on  
So long, so long  
It hurts 'cause our love is strong  
You can't give me what I want  
So I got to say so long

You used to wear my ring but now you leave it on the dresser  
You could've been my queen I would've given every treasure  
You don't understand we could've seen the world together  
It's so sad, it's so sad

You used to spend the days lying in the sunlight  
Now you wanna be the girl in the nightlife  
What ever happened to the kids and the good times?  
We running out of time

So long, so long  
I got to be moving on  
I'll miss you but I cannot  
Wait for you to catch on  
So long, so long  
It hurts 'cause our love is strong  
You can't give me what I want  
So I got to say so long

So long, so long  
I ain't about to wait on nobody  
So long, so long  
Should've took the chance when you had it  
I'll be moving on  
Girl, you had me waiting for too long  
I tried to stay and find a way  
Now you got me saying so long

So long, so long (so long)  
I got to be moving on (so long)  
I'll miss you but I cannot  
Wait for you to catch on  
So long, so long  
It hurts 'cause our love is strong  
You can't give me what I want  
So I got to say so long  
So long, so long  
I got to be moving on

I'll miss you but I cannot  
Wait for you to catch on  
So long (so long), so long (so long)  
It hurts 'cause our love is strong  
You can't give me what I want  
So I got to say so long
