

# Generation Prime

## Massive Wagons

You want it now now now  
You want it yesterday  
You want it cheap cheap cheap  
You want it ready to go  
You want the moon on a stick  
You want it just one click  
Wrap it up, pack it up  
Get it to me quick

We can do it next week... no  
Try it off peak... no  
Do it when we can  
It's comin' from Japan... no  
The world's on its back  
I can do it half whack... no  
It's here when it's here  
Do I make myself clear... no

I want in now  
I want it yesterday  
I want it now now now  
And I don't wanna pay  
I want it Amazon Prime  
And in the half time  
I'll fund the criminal gangs  
Without committing any crime

I want it cheap, cheap as chips  
I want prime beef ribs, not lids and lips  
I need it fast, I've got no brass  
I'm cheap skate scum with a touch of class

Decimate, determinate  
Subordinate, regurgitate  
Impersonate, recirculate  
Exterminate

Convenience, 'cause I hate to wait  
I hate having to think I need to lose some weight  
I'm gonna sit right here, finger up my ass  
Help no one, just vegetate

Cos I'm a waste of human life  
I've stopped breathing in, accept who I am  
Is there a way I could find someone  
To be me for a bit 'cause I'm just lazy

Cheap, cheap as chips  
I want prime rib beef, not lids and lips  
I need it fast, I've got no brass  
I'm cheap skate scum with a touch of class

Decimate, determinate  
Subordinate, regurgitate  
Impersonate, recirculate  
Exterminate

We are the prime generation  
No brains and no education  
It's all pizza and monthly repayments

Never gonna love  
Never gonna hate  
Never gonna sing till it's too late  
Never gonna swing  
Never gonna miss  
Never gonna live our lives like this

Never gonna do what you wanna do  
Never gonna say what you wanna say  
Never [?] like that, I'm [?] that way  
Never gonna end up in this place  
Live your life, I do not waste

We are the prime generation  
No trousers, maybe on occasion  
We are the prime generation  
No brains and no education  
We are the prime generation  
It's all gaming and online frustration  
We are the prime generation

Oh la la lay, oh la la la, lay lay  
Prime generation  
Oh la la lay, oh la la la, lay lay  
Prime generation  
Oh la la lay, oh la la la, lay lay  
Prime generation  
Oh la la lay, oh la la la, lay lay  
Prime generation
