

# Hate Me

Massive Wagons

I never wanted to make a stand  
I certainly don't wanna hold your hand  
I never wanted to flush your dreams down the drain  
I only wanted you to kick my ass  
I only wanted us to sit in the grass  
To sit in the grass and to sing our songs in the rain

Baby, why do you hate me  
You love, you lose, you'll live, that's life, sing it

I never wanted us to just get by  
I certainly don't wanna waste your time  
Cuddle your mummy she'll tell you everything will be alright  
You can tell your boyfriend back at the bar  
You can laugh at the loser who's never goin' far  
Sittin' on the grass singin' his songs in the rain

But baby, why do you hate me  
You love, you lose, you'll live, that's life, sing it

This situation's a hell of a mess  
Scream a little louder, get it off your chest  
You love, you lose, you'll live, that's life, sing it

But baby, why do you hate me  
You love, you lose, you'll live, that's life, sing it  
Baby, why do you hate me  
You love, you lose, you'll live, that's life, sing it

This situation's a hell of a mess  
Scream a little louder, get it off your chest  
You love, you lose, you'll live, that's life, sing it

This situation's a hell of a mess  
Scream a little louder, get it off your chest  
You love, you lose, you'll live, that's life, sing it
