

# Never Been a Problem

Massive Wagons

I don't look like a model  
And my language is obscene  
I don't sing like an angel  
My face tells you where I've been

Got issues about my issues  
I've got lazier with age  
I'm a dude with a thousand headaches  
Some of my favourite food is beige

It's not a problem when it comes to the people I love

I'm a dedicated loser  
I'm in constant fear of pain  
I've been a million times defeated  
I'm just shifting all the blame

My shoes are on the wrong feet  
My hair's a stinkin' mess  
My clothes belonged to someone else  
And my jokes are past their best

But it's really not a problem for the people I love

I can only be me  
You can only be you... through and through  
It's really not a problem for the people I love  
It's never been a problem

I've never learned to do much  
I'm a wingin' it kinda guy  
I always choose the easy way  
Just waitin' round to die

Staring into outer space  
I wonder if there's life  
Beyond the stars, far far away  
Are they glad to be alive

But it's really not a problem for the people I love

I can only be me  
You can only be you... through and through  
It's really not a problem for the people I love  
It's never been a problem

I don't look like a model  
And my language is obscene  
I don't sing like an angel  
My face tells you where I've been

It's never been a problem  
Never been a problem  
It's never been a problem  
It's never been a problem

I can only be me

You can only be you... through and through  
You can only be you, it's who I'm talkin' too, through and through  
It's really not a problem for the people I love  
Never been a problem

Never been a problem  
It's never been a problem  
Never been a problem  
Never been a problem  
Never been a problem  
Never been
