

## Dedication (Skit)

Masta Ace

Dear ma, I wish we had more time together  
54 years sounds like a long time, but I wish it was longer  
There's a lot of things I didn't get to say  
Thank you  
You pushed me to be great and you taught me right from wrong  
You raised me to fight my own battles  
And if I needed to, pick up something and hit him wid it  
You put me through college, I don't know how you did it  
Everything you did, shaped me into the man I am today  
You are the single most influential person in my life  
And I thank you  
Love, your son
