**Masta Ace**

Yeah! Word up! It's a honor to be here today, amongst legends, word up!  
Real dudes! Let's get it in! Let's GOOOOOOOOOO!

KRS keeps raisin sons and daughters, still blazin one in the corner  
Unafraid with amazin lungs I slaughter  
Y'all talkin that shit, BOOM BAP BOOM! You a goner  
Your DJ's aight but JS-1 is much stronger  
Your MCin aight but I can go much longer  
When you was here I was here when you not here I'll be here  
Masta Ace GET IN HERE!

YEAH! Let me explain what you rap faggots is in for  
Heavy metal and Ed O, gimme the chin for  
I'm not sure but what you holdin the pen for?  
Battlin ain't new, since the beginnin it's been war  
Y'all rappers know what it is, when it comes to the spittin biz  
Since y'all was sittin' pickin' your boogers I was gettin' biz  
Now it's all these different kids, itchin to bust  
Listen to us, listen to them, tell me what the difference is

Yo! A beast that shows a beast that's tourin  
First man in space, like Yuri Gagarin  
Surely determined, dirnk my beans without hurlin  
Like a German from Berlin pissin on rappers with my drunk urine  
Head knock, size spurlin  
Dudes start trippin, we take 'em on a whirlwind  
Put in work, never show you that we lazy  
Don't tell me you pregnant, trick show me the baby, Let's Go!

"Pass the mic"  
"Pa-p-p-p-p, pass the mic"

It's Ace, Ed and Kris, this is some combination  
We got it on lock like Barack got the nomination  
It's the way of life, this is not just an occupation  
Every album y'all drop sound a lot like a compilation  
Your life's on the line like an operation, with complications  
We don't call these verses, these are conversations  
Between us and the whole congregation  
I mean, every cat that EVER tried to rap, the whole rhymin nation

Most of these faulty rappers bound to fail  
Not Edo, I'm a alpha male  
You tell the story, but you only yellin half the tale  
Got a wife, I ain't after tail  
Think different on a larger scale  
Any shark-infested waters, I'm a killer whale  
(BO BO BO BO!) That set sail on land, I already laid the trail  
We ain't afraid to dream  
Ace, Edo, (LOOK) and Knowledge Reign Supreme

EVERY man and wife, dey knuh how we do it (HEY!)  
Twenty years in the bih'ness, stayin physically fit (HEY!)  
BLAZE up the chalice, now we owt to see it lit (HEY!)  
Time fuh the T'Cha now to spit now, click pow think quick now  
You rappers are quick dead  
Cause most of y'all pussy, the rest of y'all dickheads

I'm not amazed with a chick's legs  
I'm more concerned if our kids' fed - NUFF!

"Pass, t-the mic, the mic"  
"T-the mic - the mic"  
"Pa-p-p-p-p, pass - pass, pass, pass"  
"The-the-the mic"
