

Elmo's out in the hood one morning
 So pissed off that he put out a warning
 Said if he ever see Ernie or Bert, swear on his life that they gonna get hurt
 'Cause Bert and Ern' got a hood operation
 Heard sellin' O's was a good occupation
 So they came with a foolproof plan
 To go in the business and make a few grand
 But everything around here's Elmo's turf
 Ever since he first had beef with the smurf
 All he ever found was a little white hat
 Stained with the blue blood couldn't strike back
 Once again, gotta prove he's no slouch
 Gets on the phone, calls Oscar the Grouch
 Tells him he'll get ten-thousand a head
 For Bert and Ern' if they're both found dead
 Grouch is a big thug, carries a 'K
 And somebody's always getting carried away
 When he come around trippin'
 Them boys better not come around slippin', they'll be underground drippin'
 Grover's outside, in front of Crown Chicken
 Trying to talk Zoe into coming down strippin'
 They see Grouch and they hop in the store
 Grouch starts shootin', they drop to the floor
 "So why's he shootin' at him and the bitch?"
 Word on the street is Grover's a snitch
 Turns state's evidence
 Got Big Bird locked, gave cops the address to his residence
 For the right kind of presidents
 You can get shot on the spot, no hesitance
 But anyway, the drive-by fail
 Ernie on the run, Grouch hot on the trail
 Bert said 'enough of this'
 Got on the phone, called his own hitman, Snuffleupagus
 He said 'we got a problem, Snuff...
 Elmo's mad and this boy don't bluff'
 He wants me and Ern' in the morgue, but I ain't going out like Kermit the Frog
 He got both legs chopped off
 And died with some fries on the side and some hot sauce
 They had a business connection
 Now Miss Piggy's in the witness protection
 Bert said 'we gotta act first...
 'Cause I ain't gonna ride in the back of a black hearse...
 Mom's dressed up in the black church...
 With a black dress and a black purse'
 Snuff' said 'don't sweat it...
 Elmo and his whole team gon' get it...
 But it won't be a fun job...
 So I brought in my homeboy, Spongebob'

 Snuffy and Sponge' ridin' round in the funk
 Elmo and Count out front gettin' drunk
 Sponge', he got a '9
 Snuffy got a big black sword of punk that he keeps in the trunk
 They jump out the car like a scene in a movie
 Count throws his cape back, dude got an uzi

He let's off every shot in the gun
400 rounds and he counted each one
Elmo's smilin', he's so cunning
He knew they were coming, so he's not running
Grouch pops out of a trash can, gunning
Shooting every which-a-way
Shots like picture day
Sound like the Vietnam War
Snuffy catch four, Spongebob gets away
You wonder how he escaped?
Snuffy didn't know that Sponge' was a snake
He's been hanging with Elmo's crew since he fell out with Patrick back in '0
2
They jump in the truck and they ride out
On their way to Bert and Ern's hideout
They had Spongebob show the way
He was over there just the other day
They lock and load it with a full clip
But y'all know, this is pure bullshit
