

## The Classes (Skit)

Masta Ace

So this is your first year, right?

Yeah

It's my second year  
So I'm pretty familiar with the course catalog  
And the teachers and stuff  
Let me see your schedule  
What are you-  
What kind of classes are you taking?

Got a little bit of everything

Let's take a look here, okay  
They gave you trainbombing at eight in the morning?  
Kinda' early, you'll be walking around  
With paint on your hands all day long  
Let's see here, Bronx history at 09: 30  
Street Promo with Mr. Thompson, a jerk  
Rap Cinema, that's a fun class

What's that-  
What's that about?

Basically you just watch movies all day  
Krush Groove, Wild Style, Beat Street  
Easy A

Alright, what's this shit right here?  
What's this class?

Oh okay, MPC 101  
They gave you that your first semester?  
I never took it but I hear it's a monster  
They teach you about using samplers  
They go through the whole manual  
Chapter by chapter  
Then on the final exam you've gotta' make a beat  
They grade you on how good the beat sounds
