Change Ya Life

Master P

Yo Silkk (yeah P), these new big faces
Look like monopoly money right, (yeah it do, sure do)
Free C-Murder (huh), free T.E.C. (yeah)
T-R-U No Limit Forever, (that's what it is)
We get better with time, we don't window shop we buy it
(uh-huh), everyday is a good day even when it rains
Cause everyday we make it rain, get your umbrellas

We went from hallways, to the motherfucking skyscraper
Went from powdered milk and eggs, to getting mo' paper
Young nigga on the block, nigga buy a hater
Rome wrecked the Ferrari, bitch I got insurance papers
Ain't nobody gon' touch me, real nigga
Sharks in the water, put a hole in your Hilfiger
We don't do money machines, we can't count money
Cause if you could count money, you ain't really got money
Black card, walked out from a shopping spree
I'm overseas under trees, blowing foreign weed
My tour bus full up, with them supermodels
My daughter broke a vase in the house, that's a million dollars

Mo'fucker we don't stunt, we ride (we ride)
And nigga we don't window shop, we buy (we buy)
And in the dark, I could bring the light (bring the light)
So fuck with me, and I could change your life (change your life
)

At number one can't get no higher, now that I'm back man I'm on
