

Black and mild, you a cheese, you a cheese

Eyes hella red, got my weed from the Bahamas
Went to see my girl, smoke some weed with her mama
Jumped in my whip on my way to the liquor store
Fucked up them swishes, got lit on the two-o
Smokin' that Snoop Dog, missin' what the leaves 'bout
Ran into a bad bitch, damn, she a keeper
Put her number on in my motherfuckin' iPhone
Call the Uber, 'cause I couldn't even drive home
Man, I'm so high, now I got the money
But Hennessy and weed don't go good on empty stomachs
Mix it with the wax, put it in the pen
Eat a couple snacks and I'm back at it again
My high go

Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy

Pass me the weed, I need some Hennessy, my juice, nigga
Pistol on me, yeah, you know I can hoop, nigga
Got shooters in the back, in the booth, nigga
Weed in the club, get your bitch if she loose, nigga
Finger tips burnin', call a nigga Kookie
Passin' shots, blowin' weed like a Uzi
Yeah, nigga, I like smokin' on Friday
Got a weed card, got it for the five-plenty
With the Cali, no prescription, no doctor
I know the plug, so you know they send me pop
No sticks, no seeds, just trees
Buy a Marley and it come from overseas

Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy
Ask me to bring out this some weed with my Hennessy
