Every soldier got a story to tell

My adversarys get popped

Got me runnin' from cops

The ghetto life be a dime

Got me carryin' two glocks

My enemies is bad

Chop limes of grass

Drive-bys and rags

And representin' red and blue flags

See I got fools from the ghetto

Like my cousin' Jimmy wear permanent metals

My evidence is satus with hoes

Bloody Polos

Pullin' in car do's

And cut up Jabos

I'm down tah blast for my homies And cash for my homies Even if I'm old G I'll be down to ride and die If the hood call me That's why I be hustin' every day Could you imagine me with no stash? Shotgun with no class Window with no glass Or all you girls with no ass See I'm a risky rider Caliope crawler A Down South Hustla Plus a head buster from New Orleans

See I gotta be a paid nigga
A made nigga
Be the nigga to bust yo' shit
And the nigga tah be the grave digga
See my tattoos reveal some of the shit I done did
But the move of other niggas that bout it
Feel the shit I do just tah live
See I been scared, popped at, and shot at
But I live an eye for eye
