

Hey, Hey, Hey (You Around Me)

Masterboy

Hey, hey, hey, hey, you around me
Hey, hey, hey, hey, you around me
Hey, hey, hey, hey, you around me
Hey, hey, hey, hey, you around me

Give me your mind, your soul, your heart, your breath, your body

I want your eyes and lips, you want to freeze your love

Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving

Light you, make it mean to me, don't try to make you now
Don't make you waste my time, don't make you lose my mind

Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Everybody's moving, everybody's moving
Everybody's moving, moving, moving, moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's moving
Hey, hey, hey, hey, you around me, everybody's...
