Masterboy

Feel the heat of the night  
Feel the heat of the night  
Feel the heat of the night  
Everything's allright  
Feel the power of my heart  
Give me all your love (2x)  
All you need is feel right now  
All you need is feel right now  
All you need is feel right now  
All you need is feel my love  
Jumpin', jumpin' up and down  
From the top right to the ground  
Free your soul and free your mind.  
Now set you free, right on time  
It's weekend and it's party-time  
Feel the heat and free your mind  
Put your hands up in the air  
And wave 'em like you just don't care  
Feel the rhythm stay real tight  
Feel the heat feel the night  
Let the groove control your move  
Shake your bud and make me hot  
Party-people, party-dance  
Shake your body wave your hands  
You know how to do it right  
Feel the heat of the night.  
I remember I believe  
My love is stronger than it seems  
I'll stay with you if you have to leave  
In my diff'rent dreams  
You'll be with me anywhere  
I'll be with you we'll both take care  
Our love is stronger than it seems  
In my diff'rent dreams  
If you wanna fly  
If you wanna feel high  
If you wanna touch stars in the sky  
If you want a lifetime loving wife  
If you wanna have a never ending life  
Goes on and on to the early light  
If you wanna be in cyberspace  
If you wanna change the world to another place  
Wanna feel free, wanna have me  
Make all offer people see  
Wanna be strong, never be wrong  
Make it long, longer than long  
Dreams, dreams, different dreams  
You can have it all - that's what it means  
Dreams, dreams, different dreams  
You can have it all in different dreams  
I got to give it up, I got to give it up  
I got to give it up, I got to get away  
Give it up, I got to give it up  
I got to give it up, I got to get away  
Gimme what you want, gimme what I need  
Gimme what you want, but I got to get away  
Gimme what you want, gimme what I need

Gimme what you want, but I got to get away  
Get away, get away....  
Our love is out of sight,  
No matter if it's wrong or if it's right  
This ain't no matter for frightening people  
Get this in your head tonite  
I loved you once a long time ago  
But times are changin' fast  
You asked me once you asked me twice  
But still I will say no  
Stop - I gotta getaway  
No more words for me to say  
My love for you is dead and gone  
You'll leave this place all alone  
Your body and your fingers touched  
They drove me once insane  
But now I tell you that's the fact  
I got to get away  
Is this the love  
I got to feel the music  
Is this the love  
-Watching you, watching me- (2x)  
Came in this place, and saw your face  
I saw you dancing, dance to trance  
Your body's swing, made my bells ring  
I wished that we started romance  
All the people in the house  
They share our destination  
Love, groove, dance and sex  
That's party combination  
Burn, burn, our hearts burn  
To the point of no return  
Burn, burn, our hearts burn  
To the point of no return  
Move, move, on and on  
Come on, people, get it done  
Move, move, on and on  
Come on, people, get it done  
Feel the heat of the night  
Everything's allright  
Feel the power of my heart  
Give me all your love (2x)  
All you need is feel right now  
All you need is feel right now  
All you need is feel right now  
All you need is feel my love  
Is this the love  
I got to feel the music  
Is this the love  
-Watching you, watching me- (2x)
