Where are you now boy

Masterboy

Hey, hey, hey, yeah, I want you, I'm you
Hey, hey, hey, yeah, I want you, I'm you
See I'm there, I wait for you
See I'm there, I wait for you, wait for you, for you

When I was feeling on the calling in from you
You have been there to hold me, several women show
In the middle of love day green bring off you
Every day feels like meeting, hearts are feeling, it's true, oh
, true, yeah

Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you, see I'm there
I wait for you, wait for you, for you
Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you, see I'm there
I wait for you, wait for you, for you

You are the one who help me, close baby
This is far away, so farther just can tell
When I think about I love you gets to me
This make me feel so sad, so sad, so sad, oh can you see, yeah

Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you, see I'm there
I wait for you, wait for you, for you
Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you, see I'm there
I wait for you, wait for you, for you
Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you, see I'm there
I wait for you, wait for you, for you
Hey, hey, hey, yeah, where are you now boy, where are you now
Where are you now, I want you, I need you...
