

## Testify to Love

Masters of Reality

In the summer sky in a broken dream  
When your endless eyes look inside of me

I call out your name then you come running  
A prayer can be answered you give me the power to

Hold on hold on  
Hold on hold on  
Hold on hold on  
Hold on hold on

Testify to live another day  
Testify to love to live another day

What she said it's be said  
What she's done it's be done

You can loose yourself in a spiral down  
And you're out of mind when you've hit the ground

I call out your name then you come running  
A prayer can be answered you give me the power to

Hold on hold on  
Hold on hold on

Testify to live another day  
Testify to love to live another day
