

# Farewell, Frankenstein

Mat Kerekes

I'm on a train downtown  
Watch the lights below  
See people as they go  
Or turn around for more  
I think I am bored tonight  
My body on the floor  
And I'm banging on the door  
For anyone to hear

And I, I, I  
I don't care at all  
No I, I, I  
I don't care at all

I'm on a bus ride south  
Down to Baton Rouge  
See some people I once knew  
Say goodbye after a week or two  
I think I'm alright tonight  
Cause lately I've been blue  
We could live just like they do  
Wouldn't that be cool?

But I, I, I  
I don't care at all  
No I, I  
I don't care at all
