

Get Down from the Tree

The Matadors

R: Get down from the tree
At once one two three

I'm an unhappy guy,
I'm helpless as time goes by
I've a broken heart,
I'm affraid that we may draw apart

R:

I love you till the end
I would like to kiss your hand
So please come back to me
I'm crying as you can see

R:

So do one thing for me
Please get down from the tree
You're getting too wild
You're not a child
