

Everything I'm Not

Matilda Mann

Have I ever mentioned
I can't recall
Exactly how
You came into my life at all
It seems you always
Existed there
Just waiting
To suddenly appear

Call me crazy
But I know that's everything I'm not
Call the ending
And promise this is what you want
Or if I'm dreaming
Then please don't wake me up

Dive into the deep blue with me
I'd swim an ocean I'd swim all the seas
It'd make no difference how far I'd go
Cause I'll find you in any world

Call me crazy
But I guess that's everything I'm not
Call the ending
And promise this is what you want
Or if I'm dreaming
Then please don't wake me up

Or if I'm dreaming
Then please don't wake me up
