Paper Mache World

Matilda Mann

Mm, mm, mm, mm, mm

Fall back into my open mind
Convinced you won't be hard to find
I've been expecting you to call (Call, call, call)
'Cause I'd find you in any world
Set out, no doubt, 'cause every time
When all is lost, I see the signs (Signs)
And you'll be waiting, after all
'Cause I'd find you in any world

And they said to just sit still
Apparently, I'm just a girl

Who cares for fancy people who can't even fall in love?
I'd rather travel 'round to find you in this goldfish bowl
Who cares about the system and everything they stole?
'Cause I'll find you in this paper mâché world

Doo-doo-doo, doo, doo
Doo-doo-doo, doo, doo

Turned 'round to see where you had gone
You called to say you won't be long
But every second passes by
I must've cried a million times

And they said to just sit still
Apparently, I'm just a girl

Who cares for fancy people who can't even fall in love?
I'd rather travel 'round to find you in this goldfish bowl
Who cares about the system and everything they stole?
'Cause I'll find you in our paper mâché world
