Matisyahu

How can I talk to you  
I step into your glory  
I step into the house  
House of David's light

How can I talk to you  
It's the same story  
Ashrey yoshvey beyseho  
Teach me to love, teach me to love

Avraham, Avraham,  
Take your son, take your blade, take your rope  
Three long nights, three long days  
And approach to the mountain of the Lord  
Yes you've been here times before  
In your dreams, fantasies, realities, they all bleed

Ayeka  
Teach me to love  
Ayeka

Avraham, Avraham,  
Take your son, take your blade, take your rope  
Three long nights, three long days  
And approach to the mountain of the Lord  
Yes you've been here times before  
In your dreams, your fantasies, realities, yea they all bleed

Teach me to love
