Matisyahu

Beautiful, when I look into your eyes  
I see chemicals  
When I look into the sky  
I see rainbows  
And I wonder when in time  
It's gonna rain though  
You try to run away  
I finally let you go  
You wanna try to stay  
Then I pick up on the dance  
You wanna ride a wave  
Is this love moving too far away?

All the places you go and their memories  
Bring you right back here on a melody  
All the places you go searching remedies  
Is it ever enough when you think of me?

Leaving on the light when you come and go  
Waiting by the phone, you're not calling home  
Keeping me disguised when you're on the road  
Black list, that's it, you're on your own  
Black list, that's it, you're on your own  
Black list, that's it, you're on your own  
Black list, that's it, you're on your own  
Black list, that's it, you're on your own

HIRIE  
Queen without a crown let's go  
Matisyahu

I'll keep you in my sights from the end to the start  
Bend backward  
My words are just a part  
I know I have to back it up but I'm trapped across the map  
So far away  
My ship set sail the other day  
And I won't be back until these bills get paid  
Them say I got it made  
I trade my time away  
Be back sometime I hope it's not too late  
Before my love was gone and I was drawn away

Leaving on the light when you come and go  
Waiting by the phone, you're not calling home  
Keeping me disguised when you're on the road  
Blacklist, that's it, you're on your own  
Blacklist, that's it, you're on your own  
Blacklist, that's it, you're on your own  
Blacklist, that's it, you're on your own  
Blacklist, that's it, you're on your own

I hope it's not too late, no  
Yes, I'll be back sometime  
I hope it's not too late, no  
I hope it's not too late

All the places I've been  
All the phases I've seen  
I'm coming back to this place again  
You're not a phase  
This time you know it's on when I'm gone and I'm working on the scene

I'm leaving on the light when you come and go  
(I hope it's not too late)  
I'm waiting by the phone you're not calling home  
(I hope it's not too late)  
You're keeping me disguised when you're on the road  
(I hope it's not too late)  
Blacklist! That's it, you're on your own  
(I'm coming home to you)  
Blacklist! That's it, you're on your own  
(I'm coming home to you)  
Blacklist! That's it, you're on your own  
(Just leave the lights on, just leave the lights on)  
Blacklist! That's it, you're on your own  
(I'm coming home to you)  
Blacklist! That's it, you're on your own
