

# I Will Be Light

Matisyahu

Sit back  
And in these days  
Remember my ways  
Oh will I get out of my cage?  
Yes I am a slave

Searching for some freedom  
Searching for some freedom

So intend to sing them  
Songs to spark, memories  
What is a man with no history?  
Where am I ?  
Who am I ?  
What is this place?,  
We're just spinning in space

I will be light  
I will be light  
I will be light  
I will be light

Time will continue without you  
So in the end  
Its not about you  
But,  
What did you do?  
Who do you love besides you  
Beside you, many died in the name of vanity  
Many die, in their mind's eye, for justice  
We die for you  
And still do  
So I say to you  
This is nothing new

I will be light  
I will be light  
I will be light  
I will be light

Its/In one tiny moment in time  
For life to shine, to shine  
Burn away the darkness

You've got one tiny moment in time  
For life to shine, to shine  
To burn away the darkness  
[x5]

..one tiny moment in time..

I will be light  
I will be light  
I will be light  
I will be light light light light  
I will be light  
I will be light light light light
