

Keep Coming Back for More

Matisyahu

On eastern parkway
Had many a dark day
When I was alone
And I had no place
Now I lay in my crib
Off the palisades parkway
Storm pass by
As the trees blow sharply
Esti sleeping
She was born last Friday
How she brightens my day
With nothing but time
I ponder the long days

You are, you are my all
You feel like home, you ground me down
You are the reason (You are the reason)
I keep coming back for more (I keep coming back for more)

Synchronicity
Like Siamese twins
Fishin' for a hook
Let me know where ya stand
Envision me
With your hand in my hand
Trance, watch the candle dance
If I can
Stay lit wit me
If ya need I'm your man
No need to search
All across the land
Come live with me
Skip the pain don't feel sad
I know you've bad times 'cause
We've all had

And I will do what I can
To keep you safe in my arms
And I would do it again
I'll hold your hand when the storm ends

You are, you are my all
You feel like home, you ground me down
You are the reason (You are the reason)
I keep coming back for more (I keep coming back for more)

I keep coming back for more
I'm on track for what's in store
Just have a bit of patience
No more running to the door
When you drop and hit the floor
Keep my mind on what's important
I awaken to the sound of your voice

Esti sleeping
She was born last Friday
How she brightens my day

With nothing but time
I ponder the long days

You feel like home
You are the reason
I keep coming back
Keep coming back for more

You are, you are my all (You are the reason)
You feel like home, you ground me down (You feel like home)
You are the reason (You are the reason)
I keep coming back for more (I keep coming back for more)

Keep coming back
Keep coming back
I keep coming back to you

Keep coming back, yeah
Keep coming back, yeah
I keep coming back to you
