

Lifeline

Matisyahu

Good things were while don't come easy no
Ooooh ya
You know the timings so critical
Ohhh

Me and my tribe
Positive vibes
I keep them close
Won't ever let go
Hold the fire
It's my lifetime
We don't gotta rush tonight
I just wanna catch a vibe
Ayyye

Yah is my lifeline
It's never been by design
I just wanna see you shine
Ayyyee (ooooh)

In my faith I sink my toes down
As we go around
Round and round
Can't erase all that we know now
This love we've found
Who feels and knows no hate
Everyone you think can relate
Make no mistakes or vows

Me and my tribe
Positive vibes
I keep them close
Won't ever let go
Hold the fire
It's my lifetime
We don't gotta rush tonight
I just wanna catch a vibe

Yah is my lifeline
It's never been by design
I just wanna see you shine

Me and my tribe
Positive vibes
I keep them close
Won't ever let go
Hold the fire
It's my lifetime
We don't gotta rush tonight
I just wanna catch a vibe

Yah is my lifeline
It's never been by design
I just wanna see you shine
