

Keep It Simple

MATOMA

We lost our love
Somewhere in the darkness over yonder
Somewhere in the tall grass under cover
But I don't wanna feel that way again

I wanna go
Back to all those nights when we were driving home
No reason in the world that we can't take it slow
Oh, I just wanna feel that way again

We're growing up fast
Oh, we're growing up fast
We're growing up too fast

Wanna keep it, keep it, keep it, keep it, keep it simple
I wanna keep it simple
We were young and in love
Two hearts in the fire
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple

I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple

Take my hand
Walk with me for hours
We don't need a plan
We can do no wrong
At least we think we can't
I just wanna feel that way again

Yeah, we're growing up fast
Oh, we're growing up fast
Oh, we're growing up too fast

Wanna keep it, keep it, keep it, keep it, keep it simple
I wanna keep it simple
We were young and in love
Two hearts in the fire
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple (simple)
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple (simple)
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple

I wanna keep it
I wanna keep it simple
We were young and in love
Two hearts in the fire
I wanna live like that
Gotta keep it, keep it, keep it, keep it, keep it simple
