MATOMA

You got me high on second fumes  
Cold city nights and smoking rooms  
I know your story off by heart  
You fabricated every part  
You talk too much then say nothing  
I'm just the face that buys the drinks  
Paris, L.A. and all that shit  
You got it how you wanted it

But mmm, then you say, then you say  
That you need me for life  
But mmm, I'm okay, I'm okay this time

'Cause where were you when I was lonely?  
Now you acting like you know me  
There's 100 ways to tell you no  
Another 100 more to let you go, go, go  
'Cause where were you when I was lonely?  
You never saw but when you called me  
I ain't gonna listen anymore  
If you never want me when I'm lonely  
Where were you when I was lonely?  
Lonely  
Lonely  
Lone  
Where were you when I was lonely?  
Lonely  
Lonely  
Lonely  
Lonely

And I wish you weren't so beautiful  
And I wish I was so usable  
I know I kinda played myself  
'Cause you'd always blame somebody else  
And you always act misunderstood  
Like everyone in Hollywood  
You're just as fake as all your friends  
And I'm glad I won't see them again, ha, huh

But mmm, then you say, then you say  
That you need me for life  
But mmm, I'm okay, I'm okay this time

'Cause where were you when I was lonely?  
Now you acting like you know me  
There's 100 ways to tell you no  
Another 100 more to let you go, go, go  
Where were you when I was lonely?  
You never saw but when you called me  
I ain't gonna listen anymore  
If you never want me when I'm lonely  
Where were you when I was lonely?  
Lonely  
Lonely  
Lone  
Where were you when I was lonely?

Lonely  
Lonely
