

Midnight Sun

MATOMA

How do you do that thing so easily
And chase the shadows from inside of me
I want to show you what you mean to me
Yeah, what you mean to me

There were bones in my garden
Ghosts in the darkness
Holes in my heart, yeah
You're exposing my demons
Show me the meaning
Oh what a feeling, yeah

There in the middle of the night, comes daylight
Keep me up all night, the way you burn bright
Give me what I want, I'm begging let your love shine on
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun

All of my troubles, they all disappear
There'll be no worries, I cried all my tears
I'm living fearless, now I got you here
Yeah, now I got you here

No more bones in my garden
Ghosts in the darkness
Holes in my heart, yeah
You're exposing my demons
Show me the meaning
Oh what a feeling, yeah

There in the middle of the night, comes daylight
Keep me up all night, the way you burn bright
Give me what I want, I'm begging let your love shine on
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun

So don't worry about the night
Let the midnight sun come shining through
I don't worry about the night
Cos the midnight sun shines out of you
So don't worry about the night
Let the midnight sun come shining through
I don't worry about the night
Cos the midnight sun shines out of you

There in the middle of the night, comes daylight
Keep me up all night, the way you burn bright
Give me what I want, I'm begging let your love shine on
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun
Oh baby, you're my midnight sun
