

Come To Momma

Matraca Berg

If the sun
Ain't shining bright
And the moon, the moon
Won't shine for you tonight
And you feel
Feelin' real low down today
And the stars in the sky gone away

If life gets hard to understand
And the whole thing gets out of hand
Come to momma
Come see your momma

If you need a pacifier
Call me anytime
I'll be your satisfier
If you feel like a horse
Chompin' at the bit
Call my number anytime
I'll get ya fixed

If life gets hard to understand
And the whole thing gets out of hand
Come to momma
Come see your momma

If life gets hard to understand
And the whole thing gets out of hand
Come to momma
Come see your momma
