

Breaking Out

Matt Bianco

Moving up, breaking out, no regrets this time
Packing up, shipping up, never change my mind

Said a lot of things, I know you heard it all before
Gotta spread my wings, I can't take it anymore
I'm leaving

Moving up, breaking out, no regrets this time
Packing up, shipping up, never change my mind

Been around this town, now every street been up and down
Going to explore, I'll see me walking out this door
I'm leaving

Breaking out
Breaking out
I'm breaking out
Breaking out
I'm breaking out this time

Moving up, breaking out, no regrets this time
Packing up, shipping up, never change my mind

Said a lot of things, maybe a thousand times or more
I gotta spread my wings, don't let me know, I'm walking out this door
I'm...

Breaking out
Breaking out
I'm breaking out
Breaking out
I'm breaking out this time
