

Good Times

Matt Bianco

We with the secrets that we keep
Had the world beneath our feet
And now, as we live in changing times
When the feelings won't subside
Can we fight to keep the fire burning

(How long)
Must we carry on
(When we know)
Things have all gone wrong
(Can we show)
How it was better
Just give the sign
And take me right back to the

Good times
And let your feelings show
Bring back those good times
Let the whole world know
Bring back those, oh so good times
Never never ever let them go

Back to a time when we were free
See the way we used to be, oh yeah
Don't let the feeling fade away
'Cause there will come a day
When everyone will be reminded

(How long)
Must we carry on
(When we know)
Things have all gone wrong
(Can we show)
How it was better
Just give the sign
And take me right back to the

Good times
And let your feelings show
Bring back those good times
Let the whole world know
Bring back those, oh so good times
Never never ever let them go
Oh no!

(How long)
Must we carry on
(When we know)
Things have all gone wrong
(Can we show)
How it was better
Just give the sign
And take me right back to the

(Good times, good times)

Do you remember

Good times
And let your feelings show
Bring back those good times
Let the whole world know
Bring back those, oh so good times
Never never ever let them go

(Good times)
And never never ever let them go
(Good times)
(Good times)
Do you remember
(Good times)
And never never ever let them go
(Good times)...
