

# Head Over Heels

**Matt Bianco**

I see you, baby, almost every day  
I wanna tell you things I can't seem to say  
It drives me crazy when I try to pretend  
Oh baby, that we're just good friends

Why when I look in your eyes  
Do I hide all my feelings inside  
Trying to be someone cool and so calm  
When all I want is to be in your arms

We could be falling  
We could be falling  
We could be falling head over heels in love  
So what are we frightened of

I lie awake thinking what should I say  
I get so scared you don't feel the same way  
If there's a love between us I gotta pray

I can get to you before you slip away  
Maybe you don't want my love  
And I'm not who you're thinking of  
If you gave me a sign we could make it this time  
Oh, won't you help me step over this line

We could be falling  
We could be falling  
We could be falling head over heels in love  
So what are we frightened of

How many times can we deny that there's a love between us  
Until that time our hearts will try over and over again

We could be falling  
We could be falling  
We could be falling head over heels in love  
So what are we frightened of
