

# If You Feel Like Dancing

Matt Bianco

I don't know a lot of things but  
Even if I told you so  
Would you ever listen to me  
I don't think so  
There's a lot of people  
With a lot of words to say  
There's confusion  
To your illusion

I don't wanna talk about it  
When I've heard it all before  
What you gonna do about it  
Get up on the floor you know that

We got the grooves  
Kick off your shoes  
If you feel like dancing  
You know I'll always be there if you need me  
We got the moves  
Shake off the blues  
If you feel like dancing  
Let me show you how to free your mind

I know you got a strong opinion  
Gotta lot of things to blame  
Did it ever make a difference  
Just the same  
There's a lot of people  
With a lot of things to blame  
No solution  
To your revolution

I don't wanna talk about it  
When I've heard it all before  
What you gonna do about it  
Get up on the floor you know that

We got the grooves  
Kick off your shoes  
If you feel like dancing  
You know I'll always be there if you need me  
We got the moves  
Shake off the blues  
If you feel like dancing  
Let me show you how to free your mind

I don't know a lot of things but  
There's gotta be a better way  
Do you ever find the answers  
To ease your pain  
When you think about it  
Nothing ever seems to change  
Get connected  
With a new directive

I don't wanna talk about it  
When I've heard it all before

What you gonna do about it  
Get up on the floor you know that

Get up on the floor you know that  
We got the grooves  
Kick off your shoes  
If you feel like dancing  
You know I'll always be there if you need me  
We got the moves  
Shake off the blues  
If you feel like dancing  
You know I'll always be there for you  
We got the grooves  
Kick off your shoes  
If you feel like dancing  
You know I'll always be there if you need me  
We got the moves  
Shake off the blues  
If you feel like dancing  
Let me show you how to free your mind
