

Indigo

Matt Bianco

Whoa whoa

You said I was the first
But put me in reverse
While you played the fast lane
You took me for a ride
On a back seat drive
Gonna let you know that you can't win

Yeah, I won't hide
Gonna keep my pride
And stand up!
No, there ain't no way
You're gonna play your games
Stand up! Up!
Indigo, your time has come

Move over, indigo
You drive the wrong side of the road
Move on over, indigo

Living by your rules
I was such a fool
You took me down a one way street
You caught me in a trap
Now, I'm coming back
Climb into your driving seat

Yeah, I won't hide
Gonna keep my pride
And stand up! Stand up!
No, there ain't no way
You're gonna play your games
Stand up! Up!
Indigo, your time has come

Move over, indigo
You drive the wrong side of the road
Move on over, indigo

I missed the danger signs
You made me lose my way
Indigo, I won't play your games, no no
I know I'm never going down that road again

Whoa whoa

Yeah, I won't hide
Gonna keep my pride
And stand up!
No, there ain't no way
You're gonna play your games
Stand up! Up!
Indigo, your time has come

Move over, indigo
You drive the wrong side of the road

Move over
Move over, indigo
You drive the wrong side of the road
Move on over, indigo

Indigo (Move over)
Indigo
Indigo
Indigo...
