

Playing With Dynamite

Matt Bianco

Can't stop she pulls me into the fire
Dancing with danger is her desire
Can't fight ya love
Even if I wanted to
I'm in so deep
Baby that I can't say no to you

Playing with dynamite
Playing with dynamite
Playing with dynamite
Playing with dynamite - Come on light the fire - Dynamite

One look don't hold me under the spotlight
One touch don't say it's wrong when it feels right
Can't fight ya love
Even if I wanted to
I'm in so deep
Baby that I can't say no to you

Playing with dynamite
Playing with dynamite
Playing with dynamite
Playing with dynamite - Come on light the fire - Dynamite

She knows the power of her seduction
I know I can't resist the attraction
Can't fight ya love
Even if I wanted to
I'm in so deep
Baby that I can't say no to you

Playing with dynamite
Playing with dynamite
Playing with dynamite
Playing with dynamite - Come on light the fire - Dynamite

I know I've got you baby
Got the moves to drive you crazy
Common light the fuse of dynamite
I'm gonna blow you up tonight's the night
